

IIT MADRAS PLACEMENTS - POLICIES FOR RECRUITERS

Regarding Placement Registration Fees (NEW):

This proposal is regarding the change in the policy of placement registration fees for the current academic year 2019-20. The proposal has been drafted in the best interests of both the students and the companies.

From the current placement season, each company has to pay a non-refundable amount of ₹10,000 (inclusive of GST) to register for the placement process. This is primarily towards the normal usage of resources of IIT Madras throughout the placement process, and there are no extra facilities or privileges provided due to payment of this amount. The fee is required to be paid only once by a company even if the same company decides to recruit for multiple profiles.

Regarding Pre-Placement Offers:

For companies offering pre-placement offers (PPOs) to IIT Madras students, the deadline for giving out a closed PPO is 12th of September 2019. After this deadline any PPO offers made will be considered as open and students can choose to sit for campus placements.

Regarding Pre-Placement Talks:

Standalone slots for Pre-Placement Talks (PPTs) would be available only until 29th August 2019. We request you to kindly book your slot early. We will not be able to accommodate any PPT slots after this date.
